## A Printed Letterhead

Adds distinction or "class" to your correspondence.

It isn't only the business firm or professional man who now raises his correspondence above the mediocre through aid of the printer's art.

Just your name and address in neat lettering at top or corner of the sheet will add an individual touch that at once raises your letter above the dead level of "ordinary".

The additional cost per letter is trifling.

But of course much depends on the printing.

"Quality Printers"

N.B.—We have just received some fine new faces suited to letterhead work.

## Military Tournament For National Guard

Big List of Athletic Sports Is Being Arranged. — All Companies Will Compete and Winners Will Meet.

In connection with the national guard athletic contests, being planned as an important feature of the reorganized militia of the territory, Adjutant General Sam Johnson has been giving much thought to a big tournament to be held early in the coming year. The following tentative program has been arranged. It is proposed that this program be carried out by the troops on the several islands, and the winners in these events will then meet in Honolulu for the championship series. It is hoped to have a very attractive list of prizes prepared for the various events.

**Program for Tournament—First Night.**

Event No. 1.—Breaking Camp and Rolling Blanket Rolls, by Squads.

Each squad will stand at attention in front of its shelter tent, each man in front of his own shelter-half, facing with the tent. At a given signal, One Short Trumpet Blast, the men will take down their tents, make up their rolls, form their squads, and the squad leader will then salute the senior judge and report his squad ready. Shelter tents will be set up with one row of buttons complete and buttoned; rolls will be rolled with the lettering outside, and the roll will be put on with the lettering in front. Straps to be completely buckled and through slide.

Time will be taken from the trumpet blast to the first squad's report of ready.

Blanket rolls to contain blanket, shelter-half, pole, and pins.

In case of ties, the placing of tied squads will be made by the judges after an inspection.

Prizes will be given to 1st, 2nd, and third squads.

Event No. 2.—Company Competitive Drill.

The four companies previously selected at Kapiolani Park in January to compete in semi-finals. Two companies to be selected on first night to compete on second night for first and second place; the remaining two companies to compete on second night for third place. Program to be made by company commander; it will include movements in the school of the company, squad, and soldier. At least twelve commands will be given in the manual of arms, four in the loadings and firings, and at least five commands in movements by platoons. Companies will consist of four squads and will march upon the floor already formed upon notification. Time will be limited to seven minutes and thirty seconds for each company.

Prizes to 1st, 2nd, and 3rd Companies.

Event No. 3.—Retiring Sharpshooters' Race.

Uniform: Field, with O. D. shirt (no coat); with rifle, belt, and five rounds of blank ammunition. Rifle to be as issued by Ordnance Department. Contestants at scratch; pieces with bolts removed and apart, are placed fifty yards to the front (at opposite end of Armory Hall). At starting signal, each contestant runs to his piece, sits down, assembles bolt, inserts it in piece, and retires to scratch, halting every ten yards to fire one round to front from prone position. Last shot to be fired from scratch.

Entries limited to one man from each company for each night; a competitor on the first night shall not compete again the second night.

Prizes to 1st, 2nd, and 3rd.

Fourth Event — Competitive Rifle Exercises.

Entries limited to one squad from each company. Four squads, one from each company of a battalion, to drill at once under an officer selected by the battalion commander. The best squad in each battalion to be selected by judges to compete in finals on second night. Further conditions to be announced later. Rifle Exercises to be as prescribed in "Manual of Physical Training, U. S. Army."

Prizes to 1st, 2nd, and 3rd squads.

Fifth Event—Shoe Race.

Uniform: Field, with O. D. shirt (no coat); without hat, leggings, or equipment. Contestants to line up at scratch, turn over to judges a pair of russet shoes, as issued by the Q. M. corps. Shoes will be marked by the judges with numbers given the men, then put in a pile fifty yards away. At starting signal contestants run to pile, find their own shoes, put them on and return to scratch for inspection. Shoes must be laced up and have number corresponding to man wearing them. Shoes may be thrown away by any contestant in searching for his own shoes; care will be taken not to throw them on balcony or into audience. Entries to be limited to two men from each organization for each night; a man taking part in first night's contest is not eligible to take part in the second night's contest.

Prizes announced later.

Sixth Event.—Competitive Bayonet Exercises.

The four companies previously selected in competition at Kapiolani Park will compete on first night in semi-finals. Two companies will be selected on the first night to compete on second night for first and second place; the two remaining companies will compete on second night for third place. Program to be made out by company commanders; companies to be limited to four squads, and to march out already formed upon notification. Bayonets to be securely fastened on rifles, and to be tested for secure fastening by an upward blow on the handle delivered by each man before the exercises begin. Time limited to five minutes for each company.

Prizes to 1st, 2nd, and 3rd companies.

Seventh Event.—Competitive Setting Up Exercises.

## Free Trees May Be Had For Arbor Day

Government Nursery Makes its Annual Offer.—Those Who Want Shade or Ornamental Trees Should Apply.

The territorial forest nurseryman, David Haugs, of the board of agriculture and forestry, has sent out the following announcement with reference to the distribution of free trees for Arbor Day planting:

Each year in November, it is the custom on Arbor Day for the Territorial Division of Forestry to offer to supply to homesteaders and other landowners free trees for planting on their lots. Each applicant is entitled to apply for 24 seedling trees. The seedlings are pot-grown plants of size ready to set out. In receiving them the applicant agrees to see that the trees are planted and given proper care until established. The purpose of this free distribution is to supply trees only to those who really want and will use them.

The 24 plants may be all of one kind, or made up partly of one species, partly of another, provided, however, that no one applicant may have more than 12 plants of any one of the following named below. The following trees are available at the Government Nursery, Honolulu, for planting on Arbor Day, Nov. 19, 1915:

**Flowering and Ornamental Trees:**  
Golden Shower, (Cassia fistula).  
Pink and White Shower, (Cassia nodosa).

Pink Shower, (Cassia grandis).

Royal Poinciana, (Poinciana regia).

Yellow Poinciana, (Peltophorum ferrugineum).

Jacaranda, (Jacaranda mimosae-folia).

Pepper Tree, (Schinus molle).

Monterey Cypress, (Cupressus macrocarpa).

St. Thomas Tree, (Bauhinia tomentosa).

Araliaceae, (Brassia octinophylla).

Paper Bark Tree, (Melaleuca styphelioides).

Garland Tree, (Melaleuca ericifolia).

**Timber Trees:**  
Silk Oak, (Grevillea robusta).

Ironwood, (Casuarina equisetifolia).

Ironwood Highland, (Casuarina quadrivalvis).

Blue Gum, (Eucalyptus globulus).

Swamp Mahogany, (Eucalyptus robusta).

Persons residing on the other islands who desire trees from the Government Nursery in Honolulu are requested to send in their orders as soon as possible, or not later than Nov. 8. All orders should be in our hands not later than Nov. 15. Plants will be ready for distribution on Nov. 18 and all orders not called for before Nov. 27 will be turned back into the stock on that date.

## MAUI GIRL ENTERS MICHIGAN ON NORMAL SCHOOL DIPLOMA

Word has been received at the Normal School that Miss Grace Crockett, daughter of Representative Crockett of Maui, and one of last year's graduates, has been admitted to the freshman class in the University of Michigan without entrance examinations.

In the short time she has been there she has given two interesting talks on the Hawaiian islands to large numbers of her college mates.

The success of Miss Crockett is an instance of the Normal School's diploma being recognized in the United States by the universities of high standing.—Star-Bulletin.

A smile may hide a man's thoughts, just as paint occasionally conceals a woman's complexion.

Exercises to be as prescribed in "Manual of Physical Training, U. S. Army." Company to be limited to four squads.

Eighth Event. — Wall Scaling, by Squads.

Against time. Entries limited to teams of eight men from each company. N. G. H. Uniform: Service, with O. D. shirt. No hats or coats. No arms or equipment to be carried. Regulation russet shoes only will be worn; gymnasium shoes not permitted.

Squads, without arms, forms forty feet from wall and finishes forty feet beyond wall. Wall to be 19 ft. x 10 ft. x 1 ft. Time from pistol shot to signal given by squad leader at finish that his squad is ready for inspection; squad need not be at attention.

Prizes to 1st, 2nd, and 3rd squads.

Event No. 1.—Breaking Camp and Rolling Blanket Rolls, by Squads.

Same as opening event of first night. Same squads to take part.

Prizes to 1st, 2nd, and 3rd squads.

Event No. 2.—Company Competitive Drill, Finals.

Event No. 3.—Retiring Sharpshooters' Race.

Same as on first night, but a competitor on first night is ineligible to compete on second night.

Prizes to 1st, 2nd, and 3rd.

Event No. 4.—Competitive Rifle Exercises, Finals.

Event No. 5.—Bayonet Exercises, Finals.

Event No. 6.—Shoe Race.

Same as on first night. Competitors of first night not allowed to compete again on second night.

Event No. 7. — Wall Scaling, by Squads.

Same conditions as on first night, but entries will be invited as follows:

One team from each regiment or corps of the U. S. Army or Marine Corps; one team from the National Guard; teams from U. S. Navy in number to be announced later.

CAPTAIN E. SCHAEFER.

Captain, 1st Infantry, N. G. H. Officer in charge of Entries, Program, and Events.

## Moore Experimenting For Settlers of Kihei

By Mixing Barley with Algaroba Beans Expects to be Able to Grind Feed In Ordinary Mill.

Edwin C. Moore of Haiku sub-station is in Honolulu for the purpose of trying some experiments in grinding sun-dried algaroba beans for feeding purposes. He stated yesterday that Prof. F. J. Krauss, who is in charge of the Haiku sub-station of the Hawaii experiment station, has succeeded in grinding the untreated pods in a small bur mill by first cutting them in short pieces and mixing the beans with equal parts of barley.

Mr. Moore wants to try out the new method on a larger scale than was possible at Haiku. He also wishes to use other materials than barley as a surrogate. He has requested the College of Hawaii to supply the feed grinders and the power and is trying to arrange through J. M. Westgate, director of the experiment station a series of cooperative tests of the food value of the new stock feed. Its keeping quality is also a point on which careful determinations must be made.

**A Maui Problem.**

The Kihei homesteaders, Mr. Moore said, have an annual crop of about 350 tons of algaroba beans the present value of which is about ten dollars per ton. The processed and ground algaroba meal now being shipped to Maui from Honolulu costs about three times that, at wholesale. He said that the Maui users as well as the producers consider the margin between the raw bean and the finished product larger than it should be.

If a practical method can be worked out of grinding the beans without steaming or heating them first then, Mr. Moore said, the homesteaders can themselves prepare the feeding material and sell it direct to the consumers. The difficulty of making a satisfactory meal out of the unprocessed algaroba pod has been that the gum and sugar in the pods are too sticky. If the sun-dried pods can be ground up the homesteaders ought to be able to get better prices for their beans and at the same time somewhat lower the price of the manufactured product to the consumer.

The details of the experiment have not as yet been arranged. Mr. Moore has received permission from Mr. Krauss and Professor Westgate to spend as much time as is needed looking further into the possibilities of the new method. He will remain in Honolulu several weeks.—Advertiser.

## Honolulu Wholesale Produce Market Quotations

ISSUED BY THE TERRITORIAL MARKETING DIVISION.

Wholesale only. Oct. 25, 1915.

### BUTTER AND EGGS.

Eggs scarce, demand good.

Island tub butter, lb. ....28 to 30

Fresh Island Eggs, doz. ....60

Duck Eggs doz. ....40

### POULTRY.

Broilers, lb. (2 to 3 lbs.)....35 to 37½

Young roosters, lb. ....35

Hens, good condition, lb. ....25 to 27½

Turkeys, lb. ....40
